SPRING WOMEN

# DRIES VAN NOTEN

Dries Van Noten has become a designer from whom you can expect unexpected associations. For S/S he was inspired by Kurt Cobain and liberty prints. We love his grunge - couture style.

635 €  
Metallic silk skirt  
545 €

Velvet trousers

SPRING MEN

Dries Van Noten's camouflage prints were reconfigured in lace and silk. His mix of canvas and nylon make it masculine. And if you are a fan of his tailoring, you find sober suits and shirts as well in his collection.

# ANN DEMEULEMEESTER

Ann Demeulemeester was inspired by "the duality of butterflies". Super-short, corset-belted dresses with sleeves like wings, long flowing silk gowns or jackets over jackets were the result.
